

Quick coupling connector

for sockets

Materials:

Aluminium type:

Body: aluminium, seal: NBR, handle: stainless steel, ring / safety pin / chain, if needed: zinc plated steel/

Orifice (DN)

25 (1") to 140 (6")

Diameter - (D) 24.3

36.7 mm & 175.9 mm

Work pressure (PN)

5 bar to 18 bar

Advantages:

- Full throughway
- Little pressure loss
- Also suitable for solid materials, since there are no internal valves
- Dimensions worldwide standard according to MIL-C-27487
