

DISTRIBUTOR

Compressed air condensate distribution

PRODUCT FEATURES

Large compressor systems might require two or more oil/water separators to be installed to match the total compressor capacity of an installation. To connect the oil/water separators together and to ensure an even distribution of condensate in to the oil/water separators, you require the DISTRIBUTOR.

The DISTRIBUTOR ensures an equal distribution of the condensate in to the oil/water separators and the elements are subsequently saturated evenly.

The DISTRIBUTOR has two 1" condensate inlets and six 1/2" outlets with integrated ball valves, allowing you to connect two and up to six oil/water separators.

To service the DISTRIBUTOR simply loosen the 4 top screws and remove the lid. This will give you instant access to the inner working mechanism.

The depressurising chamber ensures compressed air condensate depressurisation and the subsequent distribution into the oil/water separators.

The DISTRIBUTOR is supplied with an installation kit.

COMMERCIAL BENEFITS

- Allows you to connect multiple oil/water separators
- The equal condensate distribution ensures even filter element saturation
- Streamlining of element servicing intervals

TECHNICAL ADVANTAGES

- A guaranteed even distribution in to oil/water separators
- Removable lid, offering quick access to the inner working mechanism, for servicing purpose
- Two 1" condensate inlet and six 1/2" outlet options
- Integrated ball valves allowing local shut-off for servicing purposes
- Supplied with a complete installation kit

DISTRIBUTOR

Compressed air condensate distribution

DIMENSIONS

TECHNICAL SPECIFICATIONS

Oil/water separator connection points	6
Condensate inlet thread connection	1" BSP (2 off)
Inlet hose connection	26 mm (hose inner diameter)
Condensate outlet thread connection	1/2" BSP (6 off)
Outlet hose connection	15 mm (hose inner diameter)
Integrated ball valves	Yes
Housing material	PP
Total recyclable	Yes
Housing colour	Black
Installation kit included	Yes
Installation kit consists of	Wall mounting bracket and fixing material, spirit level
