

## End caps

for quick action chuck, Type DC

### Materials:

#### Stainless steel type:

Body: stainless steel (1.4408), seal: NBR, handle: stainless steel, ring / safety pin / chain, if needed: stainless steel.

#### Polypropylene type\*:

Bodies: Polypropylene, Seal: EPDM (1 1/4" plug Ø 45 mm): NBR, handle: Stainless steel, ring / safety pin / if needed. chain: Stainless steel

#### Type Brass:

Body: brass, seal: NBR, handle: brass, ring / safety pin / chain, if needed: stainless steel

#### Aluminium type:

Body: aluminium, seal: NBR, handle: stainless steel, ring / safety pin / chain, if needed: zinc plated steel

### Dimensions

1/2" to 6"

### Flow (NW)

15 ( 1/2") to 140 (6")

### Diameter - (D)

24.3 mm & 175.9 mm

### Work pressure (PN)

5 bar to 18 bar

### Advantages:

- Full throughway,
- Little pressure loss,
- Also suitable for solid materials, since there are no internal valves,
- Dimensions worldwide standard according to MIL-C-27487
